---

Brand Context

- **App:** Synco — shared household calendar, budget tracker & shopping list
- **Tagline:** "Your household, finally in sync"
- **Audience:** Couples & families
- **Colors:** Indigo #6366f1, Purple #8b5cf6, Navy background #0f0a2e
- **Fonts:** Plus Jakarta Sans (display), DM Sans (body)
- **Tone:** Modern, trustworthy, warm yet professional

---

1. LOGO — Logomark (Icon Only) ☑ DONE

> **File:** `public/images/logo-mark.webp` — used in navbar (landing, base, offline)
> **Use for:** Favicon, PWA icon, app icon, social avatar

```
A minimal, modern logomark for "Synco" — a household sync app combining shared
calendar, budget tracking, and shopping lists for couples and families. The
logo
conveys synchronization and togetherness through a clean geometric symbol. Two
overlapping or interlocking abstract rounded shapes that suggest two people or
devices staying in sync. Gradient from indigo (#6366f1) to violet (#8b5cf6).
Flat design, no text, no shadows, no 3D effects. Must be recognizable at
16x16px
favicon and 512x512px app icon. Clean vector aesthetic like Linear, Notion, or
Cal.com. Transparent background, centered, single continuous form. Square 1:1.
```

---

2. LOGO — Logomark + Wordmark ☑ DONE

> **File:** `public/images/logo-wordmark.webp` — used for OG/Twitter meta image
> **Use for:** Navbar, footer, email header, documents

```
Logo for "Synco", a modern household management web app (calendar + budget +
shopping list). Logomark: two soft overlapping rounded shapes forming an
abstract
"S" suggesting sync/connection between two people. Colors: indigo #6366f1 to
purple #8b5cf6 gradient. Word "Synco" to the right in Plus Jakarta Sans 700
weight, letter-spacing -0.02em, white (#ffffff). Dark navy background
(#0f0a2e).
Flat minimal SaaS aesthetic, no gradients on text, no ornamentation. The mark
alone must work as a favicon. Wide format ~3:1 with text.
```

---

3. LOGO — App Icon (PWA / Mobile) ☑ DONE

> **File:** `public/icons/logo-app-512.png` — used in PWA manifest + apple-touch-icon
> **Use for:** PWA install icon, Android/iOS home screen
> **Export:** 512x512 PNG + 192x192 PNG + maskable variants

```
App icon for "Synco" household planner. Two interlocking rounded shapes forming
a
subtle "S" representing sync between family members. Solid indigo-to-purple
gradient (#6366f1 to #8b5cf6) on the mark, placed on deep navy (#0f0a2e)
rounded-square background. iOS/Android app icon style — centered, bold, no
text,
no fine details that disappear at small sizes. Clean vector, flat design,
1024x1024px.
```

---

4. HERO BACKGROUND — Landing Page ☑ DONE

> **File:** `public/images/hero-bg.webp` — landing hero with gradient overlay + preload
> **Use for:** Landing page hero section background behind text and CTAs
> **Export:** 1920x900 WebP, quality 80%

```
Abstract dark-themed hero background illustration for a SaaS landing page. Deep
navy base (#0f0a2e) with subtle flowing geometric mesh gradients and soft
glowing
light trails in indigo (#6366f1) and purple (#8b5cf6). Feels like a
constellation
map or data-flow visualization fading into darkness. Premium, modern, slightly
futuristic. No text, no people, no UI elements. Must be subtle enough to sit
behind white text and buttons without competing. Ultra-wide 1920x900.
```

---

5. OG IMAGE — Social Sharing Preview ☐ TODO

> **Status:** Using `logo-wordmark.webp` as temporary fallback — a dedicated 1200x630 OG image would be better
> **Use for:** Open Graph / Twitter Card when someone shares a Synco link
> **Export:** 1200x630 WebP

```
Social media preview card for "Synco" app. Dark navy background (#0f0a2e) with
subtle indigo-purple gradient glow in center. The Synco logo mark (two
interlocking rounded shapes, indigo-purple gradient) centered-left, with
"Synco"
text in white Plus Jakarta Sans 800 weight to the right. Below: tagline "Your
household, finally in sync" in lighter gray. Small icons representing calendar,
budget chart, and shopping cart in a row at bottom. Clean, professional, no
clutter. 1200x630px.
```

---

6. FEATURE ILLUSTRATIONS — Landing Page Cards ☑ DONE

> **Files:** `public/images/feature-{calendar,budget,shopping,notifications,sync,pwa}.webp`
> **Use for:** Feature section cards on landing page (6 features)
> **Export:** 400x300 WebP each

6a. Shared Calendar

```
Minimal isometric illustration of a floating calendar with two colored
pins/markers
on it (one indigo #6366f1, one emerald #10b981) representing two people's
events.
Soft glow around the calendar. Dark navy background (#0f0a2e). Modern flat
```

```
style
with subtle depth. No text. 400x300px.
```

6b. Budget Tracker

```
Minimal isometric illustration of a floating pie chart or bar graph with coins
and
a small wallet. Colors: amber #f59e0b primary, with indigo #6366f1 accents.
Soft
glow. Dark navy background (#0f0a2e). Modern flat style, clean lines. No text.
400x300px.
```

6c. Shopping List

```
Minimal isometric illustration of a floating checklist/notepad with grocery
items
being checked off, a small shopping cart nearby. Colors: emerald #10b981
primary,
with subtle white accents. Soft glow. Dark navy background (#0f0a2e). Modern
flat
style. No text. 400x300px.
```

6d. Notifications

```
Minimal isometric illustration of a floating phone with notification bell and
small alert bubbles radiating outward. Colors: pink #ec4899 primary, with white
accents. Soft glow. Dark navy background (#0f0a2e). Modern flat style. No text.
400x300px.
```

6e. Google Sync

```
Minimal isometric illustration of two devices (phone and laptop) with circular
sync arrows between them. Colors: blue #3b82f6 primary, with white sync arrows.
Soft glow. Dark navy background (#0f0a2e). Modern flat style. No text.
400x300px.
```

6f. Works Everywhere (PWA)

```
Minimal isometric illustration of multiple floating devices — phone, tablet,
laptop — arranged in a fan/cascade, all showing the same screen. Colors: violet
```

```
#8b5cf6 primary, with white screen accents. Soft glow. Dark navy background
(#0f0a2e). Modern flat style. No text. 400x300px.
```

---

7. EMPTY STATE ILLUSTRATIONS ☐ TODO

> **Use for:** Shown when a section has no data yet (motivates user to add content)
> **Export:** 300x250 WebP each

7a. No Events

```
Friendly minimal illustration of an empty calendar page with a subtle dotted
outline where events would go, and a small "+" sparkle. Soft indigo (#6366f1)
tones on dark transparent background. Gentle, inviting, not sad. Line-art style
with soft glow accents. No text. 300x250px.
```

7b. No Budget Data

```
Friendly minimal illustration of an empty chart/graph frame with a small coin
floating nearby and sparkle accents suggesting "start here." Soft amber
(#f59e0b)
and indigo tones on dark transparent background. Line-art style. No text.
300x250px.
```

7c. Empty Shopping List

```
Friendly minimal illustration of a blank notepad/checklist with a small pencil
and
sparkle suggesting "add your first item." Soft emerald (#10b981) tones on dark
transparent background. Line-art style. No text. 300x250px.
```

7d. No Notifications

```
Friendly minimal illustration of a quiet bell with small "zzz" or peaceful
waves
around it, suggesting everything is in order. Soft pink (#ec4899) tones on dark
transparent background. Line-art style. No text. 300x250px.
```

---

8. ERROR PAGE ILLUSTRATIONS ☐ TODO

> **Use for:** 404 Not Found, 500 Server Error, Offline page
> **Export:** 400x300 WebP each

8a. 404 — Page Not Found

```
Whimsical minimal illustration of a calendar page flying away or a disconnected
puzzle piece floating in space. Indigo (#6366f1) and purple (#8b5cf6) tones on
dark navy (#0f0a2e). Playful but not childish – maintains the app's premium
feel.
No text. 400x300px.
```

8b. 500 — Server Error

```
Minimal illustration of a small calendar icon with a subtle glitch effect or
static lines through it. Indigo and red-ish purple tones on dark navy
(#0f0a2e).
Suggests "something went wrong" without being alarming. No text. 400x300px.
```

8c. Offline

```
Minimal illustration of a cloud with a crossed-out wifi signal, with the Synco
logo mark faintly visible behind it. Soft muted indigo tones on dark navy
(#0f0a2e). Calm, reassuring – "you'll be back online soon." No text. 400x300px.
```

---

9. ONBOARDING / WELCOME ILLUSTRATIONS ☐ TODO

> **Use for:** First-time user walkthrough or welcome modal
> **Export:** 500x400 WebP each

9a. Welcome — Connect Your Household

```
Warm illustration of two abstract human silhouettes (simple geometric shapes,
not
realistic) connecting through a glowing sync line/circle. Indigo and purple
gradient tones on dark navy. Feels welcoming and inclusive – couple or family
joining together. Modern, minimal. No text. 500x400px.
```

9b. Step 2 — Set Up Calendar

```
Illustration of hands (abstract, geometric) placing colorful event blocks onto
a
calendar grid. Indigo primary with emerald and amber accent blocks. Dark navy
background. Modern minimal style. No text. 500x400px.
```

9c. Step 3 — Track Budget

```
Illustration of a friendly graph trending upward with small coin/money icons
floating around it. Amber and indigo tones on dark navy. Suggests financial
clarity and control. Modern minimal. No text. 500x400px.
```

---

10. PRICING PAGE — Plan Tier Illustrations ☐ TODO

> **Use for:** Pricing cards to visually differentiate Free vs Pro vs Family+
> **Export:** 200x200 WebP each

10a. Free Tier

```
Simple clean icon illustration: a single small calendar with a checkmark. Muted
white/gray tones with subtle indigo hint. On dark background. Minimal,
understated. 200x200px.
```

10b. Pro Tier

```
Elevated icon illustration: a calendar with a glowing star/crown above it,
radiating light. Vibrant indigo (#6366f1) to purple (#8b5cf6) gradient with
bright
glow. On dark background. Premium feel. 200x200px.
```

10c. Family+ Tier

```
Warm icon illustration: multiple overlapping calendars (2-3) with a heart or
connection symbol between them. Emerald (#10b981) and indigo tones with warm
glow.
On dark background. Community/family feel. 200x200px.
```

---

11. EMAIL HEADER — Notification Emails ☐ TODO

> **Use for:** Top banner in transactional/notification emails
> **Export:** 600x120 WebP

```
Slim email header banner for Synco notifications. Dark navy (#0f0a2e)
background
with subtle indigo-to-purple gradient strip at top (3px). Synco logo mark
centered or left-aligned. Clean, professional, lightweight. No heavy imagery —
must load fast in email clients. 600x120px.
```

Usage Guide

After generating images:

1. **Export as WebP** — quality 80-85% for photos/illustrations, 90% for logo/icons
2. **Place files in** `public/images/` (create directory) or `public/icons/` for logo variants
3. **Naming convention:** `hero-bg.webp`, `feature-calendar.webp`, `empty-no-events.webp`, etc.
4. **Reference in templates:** `<img src="/static/images/hero-bg.webp" alt="..." loading="lazy">`
5. **For logo SVG:** Keep current `public/icons/logo.svg` and add raster variants alongside
6. **PWA icons:** Export logo at 192x192 and 512x512 PNG (not WebP — PWA manifest needs PNG)
7. **Lazy load** all non-critical images: `loading="lazy"` attribute
8. **Provide fallbacks** for older browsers: `<picture>` element with PNG fallback

Priority order for maximum impact:

1. Logo (sections 1-3) — brand identity
2. Hero background (section 4) — first impression
3. OG image (section 5) — social sharing
4. Feature illustrations (section 6) — landing page richness
5. Empty states (section 7) — in-app polish
6. Error pages (section 8) — completeness
7. Onboarding (section 9) — first-run experience
8. Pricing illustrations (section 10) — conversion
9. Email header (section 11) — transactional polish
